Bronxville Man Killed As Car Flips Into Oncoming Traffic

A Bronxville man and his Boxer dog were killed Friday night, June 23, when the Volkswagen sedan in which they were riding overturned and skidded into the path of an oncoming car, according to Yonkers police.

Killed was Donald Murton, 27, of 64 Sagamore Road, assistant to the financial vice president of the J. M. Huber Corp., New York City rubber chemical firm.

Witnesses are reported to have said they saw Mr. Murton's tiny sedan veer suddenly in the southbound lane, slip over on its side as it crossed the white dividing line and slide on its side into the path of an oncoming car, according to police.

Allen Uckermark, 22, of 246 Lorraine Ave., Mount Vernon, driver of the second car, said he didn't see Mr. Murton's car until it slid into his path. He was unable to stop in time, he told police.

Mr. Uckermark escaped injury, but a passenger in his car sustained a dislocated right shoulder and was hospitalized. The victims in the other car were trapped between the crushed roof and floor.

The accident occurred near the Tropical Acres Restaurant at 9:28 p.m. Mr. Murton was pronounced dead at the scene by Dr. Thomas Hennessey of St. John's Riverside Hospital.

Son of Harvey and Mary McHugh Murton of 10 Cumberland Dr., Yonkers, he was the husband of the former Joan Tartar. He was born in New York City May 17, 1394, and brought here at the age of one. He was educated at School 21, Roosevelt High and Syracuse University.

Surviving besides his wife and parents are two daughters, Susan and Kim, and two sisters, Mrs. Richard Wingender of the Bronx and Miss Carol Murton of the Cumberland Dr. address.

Gramatan National Bank Plans Drive-In Facility

Jackson Chambers, president of the Gramatan National Bank & Trust Company of Bronxville, has announced that the bank's board of directors has approved a broad program of renovation to the Gramatan Bank building on the east side of the railroad tracks. The main feature of the renovation will be a new drive-in window in the rear of the building on the Kraft Avenue side. Other projected improvements include improved and modernized employees' and customers' lounge facilities, replacement of the existing sidewalk on the west side of the building with a planted area, and new beds of flowers and shrubbery in front of the building. The mature trees in the front of the building will remain as will the existing clock standard. The existing bed of yews will be replaced by a concrete mall in front of the new beds of shrubbery.

According to Mr. Chambers, Bronxville village officials have agreed upon a revised traffic pattern for the parking plaza in the rear of the bank building so that during the morning hours and up until 3 p.m. automobiles will be able to enter the plaza at Park Place and proceed in a northerly direction parallel to the railroad tracks in order to enter the bank drive-in facilities. Cars leaving the drive-in will be able to turn either right or left onto Kraft Avenue. After three o'clock in the afternoon the traffic pattern in the plaza will revert to the system which has been in existence for several years so that local residents meeting commuter trains will meet no difficulty.

Mr. Chambers, on behalf of the bank's board pointed out that this new drive-in window is the latest step of the plan of the Gramatan Bank to bring the most modern and convenient banking facilities to the Village, the most recent previous step being the construction of the bank's Station Plaza Office in the railroad station on the west side of the railroad tracks.

Car Straddles Island; Driver Summoned

On Tuesday morning at 12:08 a.m. a car driven by Norman Sadek, 45 Church Lane, Scarsdale, ran up on an island located at Midland Avenue and Tanglewylde Road, police report.

The Bronxville police say they found the auto straddling the island. About 20 feet of hedge was damaged, the report claims. Sadek was given a summons for damage to Village property and a summons for failure to produce an operator's license.

The passenger car, property of Charles Sadek Import Co., Inc., 924 Broadway, New York City, had been travelling in a northerly direction along Midland Avenue, police say.

Mr. Sadek could give no explanation for the accident, the report states.

Former Village Woman'sHusband Killed In Fall

George Vanderbilt III, husband of Mrs. Louise Paine, who prior to their marriage in March resided at 4 Alden Pl., Bronxville, was killed Sunday when he fell 130 feet from their luxurious 10th floor suite at the Mark Hopkins Hotel in San Francisco, Calif.

Deputy Coroner Karl C. Lytle, according to news service reports, said "he left no notes and there were no witnesses." While not discounting the possibility of suicide, he stated, "it also could have been an accident. He could have become dizzy at the window."

His wife was quoted as saying he had been concerned over business, and over his 172-foot yacht, Pioneer, which he recently gave to Stanford University for conversion into an oceanography ship.

But there was no further explanation and no sign that Mr. Vanderbilt, thrice-divorced philanthropist-sportsmen and great-great grandson of railroad and oil industry leader Commodore Cornelius Vanderbilt, had been so involved with business.

Five Store Blaze In Eastchester Costs $50,000

Extensive damage was done to five stores on Garth Rd. near the Scarsdale line of Eastchester early Tuesday morning as a fire rage out of control for five hours.

It took almost 100 men to kill the blaze. The fire, believed to have originated in a short circuit in a recessed fixture, was brought under control shortly after 7 a.m.

Damage to the buildings was estimated at $50,000.

Eastchester Fire Department officials believed the fire originated in the Snack King Restaurant and spread quickly to the adjacent Scarsdale Tot Shop then to the Charles Hair Dressers, Carlton Laundry and the Debette Shop.

A volunteer fireman, Vic McCarty, received a slight injury to his elbow when a ladder on which he was standing collapsed. Eastchester Volunteer Ambulance Corps attendants treated him at the scene.

Three engines, a truck and the emergency squad of the Eastchester Fire Department were on the scene. Shortly after the second alarm went out at 2:36 a.m., more than 90 volunteer and paid firemen could be seen fighting the blaze.

SMART SLIPCOVERS

Smart new slipcovers can brighten any room. The right choice in slipcovers can not only change the coloring of your upholstered furniture, but can give it an entirely different styling. Tailored skirts with box or kick pleats cover up the legs and present a neat appearance. Sturdy cotton fabrics in delicate shades are appropriate for warm weather. Heavy materials and rich jewel tones make a room appear more formal.

Whatever your preferences in color and material, your smartest move is to consult an experienced decorator regarding slipcovers. Art Department At Women's Club Plans Varied Program Next Season

Plans of the Art Department, Bronxville Women's Club, for next season have been drawn up by Mrs. Alfred M. Rice, chairman of the department, and her committee. Opening date is Oct. 5 when department members will make a trip to Hammond Museum, North Salem, N. Y., for a guided tour of the museum and a stroll through the garden which is a copy of 17th Century Japanese landscaping.

First meeting at the Club House will be on Thursday, Nov. 9, with an illustrated lecture on "Origin and Development of Mosaics." This is an unuausl art form which has not been touched on previously at the club. For the Christmas season, a film on "Christmas Traditions in Other Lands" will be shown on Dec. 14. Also the Oscar Award Winning film "Day of the Painter," courtesy of the artist, Robert Davis of Bronxville. This is a spoof on modern abstract art.

On January 11, members will spend "an Interesting Day in New York" visiting the choicest current offerings in the museums. In February, the annual art exhibit of Bronxville artists will be held. In connection with this, there will b ea "Demonstration In The Round." This is an unusual way of presenting various art media as five or six artists, stationed at different spots in a large circle, display their techniques in oil, collage, sculpture, etc. Viewers are thus able to walk around, watching whatever artist's work catches their fancy, or just sit and study one.

On Thursday Mar. 8, the Garden Department will join with the Art Department for a lecture on Japanese flower arrangement. In May, the members will take off for a trip to Barnes Museum, at Merion, Pa. This comprises the famous private collection of art only recently opened to the public. May will also see the Junior Bronxville artists' exhibit.

Last year, the members were delighted with the seminars on art appreciation and these will be continued during the coming season, the last Wednesday morning of every month, ending with a bang on Apr. 25 with a buffet luncheon and discussion by Mrs. Sanford McGrail of her paintings which will be on exhibit in the Club loggia during April. Every month, an exhibit of paintings by different artists will be shown in the loggia. Bronxville Man Heads Westchester Committee Of Sarah Lawrence Coll.

ARTHUR K. PETERS

Arthur K. Peters of 14 Village Ln., Bronxville, is the newly elected chairman of the Westchester Committee of Sarah Lawrence College. The Committee consists of about 150 members of the community who act as a liaison between the college and the community. In cooperation with the Committee, the college has organized dance and music classes for children, a series of community courses given by Sarah Lawrence faculty members, and chamber music concerts. The committee has also organized and sponsored a variety of benefits to raise money for the Sarah Lawrence Scholarship Fund.

This year, the Westchester Committee organized "Community Day" in the belief that direct contact with students and faculty is the best way for community people to become acquainted with the college. Members of the Westchester Committee were hosts for the day, and invited their friends to take part in the program. Members of the committee and their guests attended regularly scheduled classes, listened to a panel discussion in which students discussed how they look at Sarah Lawrence and answered questions about the college, and were guests at a reception following the panel discussion, during which they had an opportunity to talk with members of the faculty.

Other newly elected officers of the committee include Mrs. John L. Bainbridge, vice-chairman; Mrs. Charles Terwilliger, treasurer; Mrs. Anne Hobler and Mrs. Henry Stanton, scholarship co-chairmen; Mrs. and Mrs. Halsey V. Barrett, co-chairmen of the Community Courses committee, and Charles Doerr and Mrs. Robert Barton, co-chairmen of Community Day. All committee officers are residents of Bronxville.

Mr. Peters, owner of the A. K. Peters Import and Export Company in New York, is vice-president and director of the National Council of American Importers. He is married to the former Sarah Whitaker, an alumna of Sarah Lawrence College, and they have three children.

The Westchester Committee was formed in 1952, as the construction of the new Arts Center was nearing completion, to consult with the administration and faculty of Sarah Lawrence on ways the Art Center might be used as a community center. Since 1952, the Committee has grown from 40 to 150 leaders in many fields of business and professional life and their wives who are active in all areas of community life.

Bronxville Army Officer Pilots Plane That Scores Two Direct Bomb Hits At Mountain Home Air Base

A recent issue of the Idaho Sunday Statesman reported under a Mountain Home AFB dateline, that a B-47 medium jet bomber crew of the 658th Bombardment Squadron had accomplished the "near impossible" by scoring two direct hits during a practice bombing mission. The plane was piloted by 1st Lt. David C. Parker, son of Mr. and Mrs. Franklin B. Parker of 26 Woodland Ave., Bronxville.

According to Maj. George C. Carruthers, Squadron staff navigator, the precision required to attain two perfect hits on a single target during a mission is so exacting that most navigators would expect it to happen only once in a lifetime.

Although specific credit for the two perfect scores goes to the navigator, Capt. Herbert L. Mallard, the feat could not have been accomplished without smooth teamwork from the rest of the crew. During the mission in which the scores were made, Capt. Jack A. Larkin was aircraft commander and Lt. Parker was pilot.

All of the crew members are assigned to the 658th Bombardment Squadron, a 9th Bombardment Wing unit commanded by Lt. Col. Sherwin G. Desens.

According to Maj. Carruthers, the 100 per cent on a "large charge" (double release on one bombing run) is the first for the 9th Bombardment Wing and possibly a first for any B-47 in the Air Force.

Scores of simulated bombing missions flown from Mountain Home AFB are computed by the 11th Radar Bomb Scoring United located at Gowen Field, Boise, Idaho.

Lt. David C. Parker of Bronxville, (right), discusses with other members of the crew of his B-17 medium jet bomber, their "near impossible" feat of scoring to direct its during a practice bombing mission at Mountain Home Air Froce Base in Idaho. On the left is Capt. Jack A. Larkin, aircraft commander, and on the ladder is Capt. Herbert L. Mallard, navigator. Lt. Parkker, son of Mr. and Mrs. Franklin B. Parker of 26 Woodland Ave., is a 1952 graduate of Bronxville Senior School.

Vol. 59 No. 25 June 29, 1961

Split Decisions

BASIC and immutable legal and moral principles should underlie decisions of the United States Supreme Court, the tribunal of last resort in this country.

Or at least the average American so supposes.

Therefore the average American should, it would seem, be able to expect a predominant approximation of unanimity in the deliberations and findings of that court.

Instead most of us, in these days find it more and more difficult to understand, if not to accept, Supreme Court decisions which, again and again, are determined by bare-majority 5-4 votes of the nine justices.

How can the best legal and judicial minds in the whole country be so widely divided on the same statements of fact and principle?

THE ANSWER, it seems to us, goes back to the process by which, too frequently in the last quarter century, judges of our ultimate issues have been chosen.

Some have been picked because they seemed to represent, primarily, the social and economic views of the appointing president and the then prevailing majority in the confirming agency, the Senate.

Others have been chosen because their selection would satisfy some sectional or other political consideration.

Some have been chosen because they had previous judicial experience — but some of the "strongest" members of the present bench were picked, apparently, for the very reason that they had had no such experience, or virtually none.

WHEN it is considered that hun judges preside over state and federal courts throughout the country and are available for promotion on merit, there seems little excuse for the appointment to the Supreme Court of any man who lacks proof of judicial competance as reflected in his lower court decisions.

There can be no room for, indeed no excuse for, personal or professional idiosyncracy in a jurist of final jurisdiction.

place for all to live in, is service to our country and we are grateful for the opportunity and the honor. The time is ripe in Eastchester for a change for the better in government. I am in this campaign to win, cleanly and fairly and expect the support of all the people, of both parties, who want better government and a better town."

Platform Deferred

The report of the platform committee, headed by James R. Frankenberry of Bronxville, was accepted in principle, by the Town Committee, but at the request of Supervisor-designate Dandry, final action was deferred until he has reviewed the proposal to acquire and develop a local country club for a major recreation area for town residents.

"Unquestionably the town needs such an area and it should have been acquired when unused lake area was available and cheap," said Mr. Dandry. "The longer we wait to do what we eventaully will do, the more it will cost. However, I want to review the plan from every angle and satisfy myself that it is practical and economical to do now."

The remainder of the platform, which pledges a Town Manager referendum, strengthened residential zoning and a master plan for town development, and an attack on traffic and shoppers' parking problems, was endorsed by Mr. Dandry without reservation.

Art Committee Organized At Reformed Church

The Bronxville Reformed Church has formed an Art Committee for the purpose of bringing fine paintings and objects of art and sculpture into the Church.

On the suggestion of the Rev. Dr. Lowell R. Ditzen, senior minister of the Church, the Consistory approved the formation of the committee with the idea that fine pictures and original sculpture fittingly could be housed within the church premises for "the enrichment of the minds and spirits of men, women and children, and to stimulate appreciation for, and a creative search for beauty."

Under the chairmanship of Mrs. Russell W. Todd, the committee includes: Mrs. Byron L. Carlson, publicity; Mrs. Richard S. Buell, legal service and secretary; Mrs. Ralph H. Stearns, Mrs. Elizabeth C. Martin, Mrs. Robert B. Barton, Mr. and Mrs. Robcliff V. Jones, Mr. and Mrs. Ernest E. Quantrell and Thomas B. Gilchrist, receiving; Mrs. Buell, cataloguing; Mrs. J. Roberton MacColl Jr., Herman C. Nolen and Mrs. Henry Giebel, custodians; Mrs. Robert B. Barton, Freeman J. Daniels, Mrs. E. H. Ahrens, Mr. and Mrs. Quantrell and Mr. and Mrs. Jones, hanging; Mr. Bartlett, sale or disposal.

An outstanding painting, "The Meridian," by Frederick Waugh, which has been exhibited at the New Jersey State Museum, in Trenton, has been given by Mr. and Mrs. Quantrell.

Two significant paintings by Lillian Matilda Genth, a 20th century American artist, have been given to the church and received by the committee from her estate. A water color by Randy Walker of Bronxville has been placed in the hands of the committee.

Members of the Bronxville community and those interested in art, and in making contributions to this project are invited to contact any member of the committee, including Mrs. Todd the chairman.

It is believed that the quality of the art accepted will add significantly to the beauty of the church and will provide a rich experience for its members and for all those who live in the community.

Village Official Asks That Debris Be Kept Off Streets

Bronxville residents have again been urged by Joseph L. Palumbo, superintendent of public works, to keep grass clippings and other debris out of the public streets. He said this material creates a traffic hazard.

He also points out that the practice of leaving this debris in the street is a violation of a Village ordinance. Mr. Palumbo said he he has received complaints occasionally about material that is mistakenly picked-up during regular refuse collections. He explains that residents frequently leave material alongside refuse containers which they do not intend to be discarded.

Within the past three weeks, Mr. Paterson has given two organ recitals in the United States. In Des Moines, Iowa on June 14, he played for the regional convention of the American Guild of Organists, including works by Bach, Brahms, Sweelinck and Vierne.

On June 22 in Massachusetts his recital was for the annual convention of the Organ Historical Society, of which he is president. The organ is an historic one built in 1854 at First Unitarian Church, Jamaica Plain, Mass.

Mr. Paterson is a graduate of Williams College and received his master's degree from the University of Michigan School of Music.

DONALD R. M. PATERSON

Last summer he studied harpsichord in New York with Gustav Leonhardt, noted harpsichordist of Holland.

ROME DEAD-END

The contribution of Federico Felinni's "LA DOLCE VITA" to the history of film (and particularly to Italy's mature honesty in this medium) will be long lasting. For here this driving perceptive writer-director has capped his former works. And these were, of their kind, monumental.

In the exhibit on view at the Henry Miller Theatre Signor Fellini has brought off a shattering exposure of an Italian scene that no travel poster dare hint of. Nor need any casual tourist be aware of. But the decadence pictured on the miles of film represents a machine-gun fire of impulses that Fellini has caught in his camera and brilliantly. "LA DOLCE VITA" is one man's piercing and always artistic comment on the behavior of a group that is a moral, parasitic, and in essence ugly. The cynicism with which the film abounds has its counterpart in many areas of many lands. Felinni, because he is Italian, has painted in tumultous and turbulent directorial strokes, a society he must know well. Always he is tearing to the roots and always he has his film in hand. The actors he has chosen have caught every nuance of the full project; the vignettes of story are sharpened to the very core and the mature are caught up with it. (Though it is good show enough to catch every attention.)

Sensitivity abounds here as well as sensation. This is a great film directed and written by an uncommon scenarist-director.

CHOICE

The Radio City Music Hall's present entertainment has all the elements that bring customers into the last remaining magno-edifice dedicated to screen-stage-symphony plus opulence in presentation. For the Music Hall has all of that. And its patrons come from across the country and over all oceans.

This "showplace of the nation" has its own army creating dance-routines, costumes, special effects on an average of 12 times a year. Its "Rockettes" are world known; its Grand Organ can reproduce the splitting sound of thunders or the tiniest note of a humming bird. Its stage elevates up down or across as does the orchestra's residence. And the crowds love each Christmas and Easter-time "traditional" presentation. These have brought family pilgramages and elicit "oh's" and "ah's".

For an example of the Music Hall at its best one should drop in on the current showing. The screen preens with Paramount's "THE PLEASURE OF HIS COMPANY". This light comedy was a Broadway hit that now employs FRED ASTAIRE, LILLI PALMER, DEBBIE REYNOLDS, TAB HUNTER and GARY MERRIL as top liners. And from the Broadway company there is wisely humorous CHARLES RUGGLES. Primarily it must be reported that the film is skimming and deft and Astaire is every bit the equal of Cyril Ritchard of the original. The stage show is de-luxe. Particularly Gershwin's "Rhapsody in Blue". Soloists LEDA ROFFI and PAUL NICKEL probably never had so startling a choreography to dance to. (Credit MARGARET SANDE and her lighting experts). A gold star, too, to pianist ANTHONY MAKAS who with RAYMOND PAIGE and the Symphony are there on every split-beat.

The Brave Duck Rests In Bronxville Before Goodwill Trek

A seven-ton amphibious landing craft, "El Pato Valiente," The Brave Duck, will soon carry a crew of six college students on a Latine American goodwill tour. The duck is photographed here outside the home of William Hayes, 75 Rossmore Ave., Bronxville, and will be stopping around Westchester to help raise the necessary funds for the journey. Left to right are George Burpill, Fraser Shaw, Bill Hayes and Robert Hinds. Bill Hayes expressed the hope that the crew might speak at Rotary Club meetings. He said the immediate needs are $5,000, a radio transmitter, extra tires and gasoline. Bill is a student at Drew University. — Staff Photo by Jerry Sarno.

Villager Member Of Duck Crew To Launch On 27,000 Mile Tour

William Hayes of 75 Rossmore Ave., Bronxville, and five other college students will set out July 16 on an adventurous nine-month, 27,000-mile goodwill tour through Latin America on an amphibious truck which they purchased for $1,700 from a war-surplus dealer.

The vehicle, dubbed "El Pato Valiente, " the courageous duck, will travel south via highways into Central America. Its six - wheel drive will then come in handy as will the equipment which gives it seaworthy qualities: a rudder, propellor and propellor shaft. The crew plans to detour around the thicker jungle sections of Panama by travelling along the coastal strips. Where the going gets rough on land the duck will put out to sea.

The purpose of the trip is to meet the people of Latin American nations directly and dispel some of the hostile feelings that have been germinating in recent months. Bob Hinds, 21, junior skipper of the group, explained that two years ago he met a Colombian student at Cobleskill Junior College who didn't like the U. S.

"I found his dislike was based on a mass of misinformation," Hinds said. "But he soon changed after he got to know us better."

In between getting a battery of inoculations and testing the duck in the Hudson River, the boys have been trying to raise the necessary funds—estimated at about $20,000. The explorers are depending upon public subscription from individuals, groups and organizations who are interested in furthering inter-American goodwill.

Bravery will be a necessary ingredient of the seven crew members whose route will take them through uncharted jungles, along swift forest streams and in offshore ocean voyages.

The group will include: Mr. Hayes and Mr. Hinds, George Burpill, public relations man for the crew; Fraser Shaw, a guitarist who will play and sing American folk songs; Bill Hayes, Spanish-speaking mechanic, and Walter Kutrieb, cook and navigator. All the boys are full time college students.

The prime object of the journey is 80 Latin-American colleges and universities. Here the young Americans will sing folk songs and meet students. Several of the crew members speak Spanish.

Their route will take them to El Paso and thence through Mexico, British Honduras, Nicaragua, Costa Rica and Panama. At that juncture they will go by coastal strip into Colombia, 500 miles up the jungle river of The Magdalena, and 200 miles by land to the capital city of Bogota. After leaving Bogota they will go north into a loop that will include Barranquilla and Caracas, Venezuela, returning to Bogota.

From there they will swing south through Peru and Chile, then strike eastward to Buenos Aires on the Atlantic Coast of the Argentine, north through Uruguay and Brazil, then westward via jungle rivers to Paraguay and Bolivia, turning northward again at the Pacific coast to retrace their route to Bogota.

Names of contributors of $100 or more will be inscribed on the duck, which will also bear the flags of the nations to be visited as well as the American flag.

Yonkers Little League Pitcher, Ed Simon, No Hits Owls Squad

Ed Simon, Yonkers Little League pitcher, hurled his team to victory over the undefeated Owls on Sunday at Andrus Field, N. E. Yonkers. Simon and his fourth place Jay's teammates achieved the honor of being the sole club to boast a win over the Owls in a hard fought 3-2 game.

Mike Ford pitched all the way for the Owls. He struck out 12 but wildness in the top of the second cost him two runs. He issued 10 passes in the six inning game. All three hits were garnered by John Burns of the Jays.

Burns hit a double in the second to start the inning. An error followed by three walks cost the Owls two tallies. The winning run in the fourth was scored after two were out. Two walks, a stolen base and an error brought the mark across.

Ed Simon in going the route lost his touch in the fourth. A walk followed by an error together with three additional walks produced the two runs for the Owls. Simon walked nine and fanned nine.

Orioles End Tie

What seemed to be a permanent tie between the Gestetner Giants and the Orioles was decisively settled in the second playoff game by the Orioles Thursday night, June 22, at Andrus Field.

The Orioles paced by Jim Fisher's two homers beat the Giants, 9-4. Harry Sokoloff pitched four-hit ball and went the route for the Orioles. Lack of control by Giant pitchers and failure to hit in the clutch led to the Jint's defeats.

MORE FUN THAN AT HOME. An estimated 450 Senior Girl Scouts and adults took part in the recent Westchester Little Round Up at Bronxville Boy Scout site and Village recreation field. This pleasant chow-time scene includes Barbara Spence of Yonkers, left; Jane Schur of New Rochelle, Joan Priestley of White Plains, and Sue Powers of Mount Vernon. Bronxville Council was the Round Up sponsoring council, helped by Tuckahoe-Eastchester and Crestwood councils.

Beebe Captains DartmouthRugby

HANOVER, N. H.—Von N. Beebe, son of Mr. and Mrs. E. C. Beebe of 37 Studio Ln., Bronxville, was recently elected captain of the Dartmouth College rugby team. Beebe is social chairman of the Beta Fraternity and a member of Dragon Senior Society. Like many other students, Beebe played rugby for the first time in the spring of his freshman year and decided to continue with it rather than football. He graduated from Bronxville High School where he captained the undefeated 1958 football team.

The Dartmouth Rugby Club is supported by its members and the "Friends of Dartmouth Rugby," a voluntary group of alumni and interested adults.

The rugby team was undoubtedly the most successful team in Hanover this year. It was the only Dartmouth team to win a championship and produce three undefeated teams. In addition they captured the Eastern Rugby Untion Seven-Asides Tournament in New York; the Hartford Cup, the Ivy League Championship, Championship of the 1st Division of the Eastern Rugby Union and the annual Eastern Canadian-American Carling's Challenge Cup.

Wisconsin had the tallest and shortest men in the IRA collegiate regatta. Sophomore coxswain Larry Hurwitz is 4 - feet-10 while senior Ernie Smith is 6-feet-7.

Bronxville American Legion Team Wins Opener Over Tarrytown, 5-2

Bronxville's Leonard Morange Post No. 464 of the American Legion opened its quest for the Westchester County Junior Legion Championship by defeating the Tarrytown Post No. 16 squad by a 5-2 score Sunday at the local diamond.

Alex Bonci, Tuckahoe High School's all-star athlete, limited the Hudson shore boys to two three-base hits, both off the booming bat of Sleepy Hollow High's hard hitting catcher, John Meazaros. Bonci kept himself in trouble by walking eight opposing batsmen and thus had to work hard to gain his initial win. He came through in the clutches, twice striking out batsmen with the bases loaded and once forcing an easy fly ball in another bases loaded, two outs situation.

Captain Jimmy Ciarlo playing his first ball game this season after having suffered a broken leg in pre-season practice for the Eastchester H.S. varsity, led the Bronxville hitting attack along with Pelham High's all-County first baseman, Frank Matteo, with two base hits. Ciarlo, the lad who five years ago was given an intentional bases loaded walk forcing in a run in the finals of the National Little League competition at Williamsport, Pa., while playing for the Eastchester Nationals, after having hit three home-runs in the game (an 11-9 defeat for the Eastchester team), stroked two singles to spark the winning Morange Post boys to their victory.

Tarrytown opened the scoring in the top of the fourth when Tom Gardner led with a walk. Meazaros followed with a wind blown fly that fell behind center fielder Elmer "Koko" Morris for a triple, scoring Gardner. Ricky Devlin made a nice play on Sam Weinman's grounder at third and threw out Meazaros at the plate.

Bronxville retaliated in the bottom of the fourth and scored all of their runs. Matteo doubled to right center, Ciarlo singled and Devlin's hard smash bounced over second baseman Jim Manero's shoulder scoring Matteo. Eli walked and Elmer Morris, with no cuats, executed a perfect suicide squeeze scoring Ciarlo and beating out pitcher Bud McInterney's hasty throw.

Devlin scored when catcher Meazaros tried to pick Morris off first and threw wildly. Pete Kuczma struck out, Bonci flied out deep to left scoring Strand and the fifth run came in when Bob Noble grounded to second and was safe when the confused second baseman nonchalantly flipped to shortstop Weinman in an attempt to force a phantom Bronxville runner.

Tarrytown scored their second run in the sixth when Meazaros hit a long drive over left fielder Noble's head for a triple. With no one out, Weinman and McInterney drew passes. Ed Burke struck out. Then Bonci issued a pass to Tom Wetmore forcing in a run. He struck out Rod Rodriguez and made Chris Remmel fly softly to left to end the threat.

McInterney struck out seven Bronxville batters while walking two and hitting one. He allowed eight hits. Bonci struck out 12, walked eight and allowed the two Meazaros triples.

Do new names, new claims confuse you? If they don't, you're one in a thousand. With 11 new cars making countless claims, who wouldn't be confused? But you can get the straightforward facts from the Car X-Ray Books with side-by-side photographic comparisons. They'll show you that Rambler Classic—America's only *middle-sized* car—has more front-seat headroom than any "Big 3" make, including the costliest. No sunken front floor that makes getting out so difficult in other cars. Come see how the Rambler Classic, with all its room, gives you true compact car economy and maneuverability.

Get Rambler Excellence

"Rambler Classic is the only compact for six 6-footers!"

Rambler Classic—the all-purpose compact—6 or V-8

These check-points, and many more, prove the excellence of the Rambler Classic:

RATTLE-FREE—all-welded, safer, stronger Single-Unit construction (Ford and Chevrolet, for example, still use the old body-bolted-to-frame method).

FINEST RUST PROTECTION—exclusive Deep-Dip rustproofing—right up to the roof—fights rust longest (some cars dip only to the floor; most simply use the hit-and-miss spray method).

CERAMIC-ARMORED MUFFLER WON'T RUST OUT. We'll pay the cost (collision damage excepted) if ceramic-armored muffler or tailpipe rusts out. Your Rambler dealer will replace them without charge for as long as you own your new Rambler.

PRICED TO SAVE YOU BIG MONEY!
Prices on the Rambler Classic 4-Door Station Wagon, with full Rambler Excellence, start at least $216 less than any in the old "low-price" field—below the less roomy medium-price compacts. In fact, it costs just a few dollars more than the smallest compact wagons. Price comparisons based on manufacturers' suggested factory delivered prices, lowest priced 4-door station wagon models.
